

PRODUCT CATALOG

A close-up photograph of several wooden planks arranged diagonally. The central plank is a medium brown color with a prominent knot and a fine, light-colored cross-shaped mark. Above it, a plank with a greenish-yellow patina is visible. Below it, a greyish-blue plank is partially shown. The text "Creator of Ultra Natural Wood Grain" is centered over the middle plank, with ".... ." below it.

- EVODEK® is a globally trusted brand in the innovation of wood plastic composites, striving to make you enjoy the indoor and outdoor living space.
- EVODEK® is committed to leading the WPC industry with patented extrusion technology, engineering exquisite wood plastic composite product and service, and making EVODEK® WPC an essential part of life for all.
- EVODEK® is committed to protecting the environment by manufacturing wood plastic composite made from recycled wood and plastic.
- Not only a material supplier, EVODEK® designs and produce wood plastic composite, tailoring to the special needs of the client, or meeting the harsh environment, with a well-equipped R&D facility and a professional design team.
- EVODEK® is looking for the dealers and partners from countries or regions, and is committed to the success of our partners first, and keep improving upon our customer support.

EVODEK® GRAIN

Creator of ultra natural wood grain

- 3D Graining Tech., for a stereo-vision effect •
- Art Coloring Tech., for a stunningly natural color •

EVODEK® CORE

Focus on classic , the only maker persisting in uncapped WPC innovation

- Dual-screw extrusion, for a deeper interface diffusion & better interlock of particles
- A density of 1.3g/cm³, Denser performs better
- A Selected Formula, for a selected comprehensive performance
